Furniture Fasteners

- Furniture fasteners can be hard to source.
- The range consists of furniture connector bolts also called "Joint Connector Bolts (JCBs)" or "Sex Bolts"
- These screw into either connector nuts or barrel (dowel) nuts
- There is also a family of flanged hex drive nuts sometimes called "Demon nuts"
- These have an internal thread but screw into wood or chip board

FURNITURE CONNECTOR BOLTS

M6 - 1.00mm Pitch - Hex Drive (4mm)
